Lakeside Murals

Two very proud parents, namely Tamara and Maurice Zlotogovra, were over the moon when they saw their son's work of art being admired by so many people at the recently opened Lakeside Bar/Restaurant on San Luis.

Originally it had been the idea of Tony, owner of Lakeside, to have 'wall size' photos of the Torre Vieja lakes covering his internal walls, but it proved to be a difficult task to find a photographer who could print to the size required. Tony had already contacted our journalist Jill, and at her suggestion an artist she had interviewed and who we featured some months ago on our 'People and Places' page was commissioned to paint the murals. Tony is delighted with the finished result, as are Ron's parents and fiancé Rachael and his handwork is there for all to see and admire as a permanent feature covering three walls internal walls of the restaurant. Ron is at the moment working on some 2 meter square 'Humphrey Bogart' internal and external murals for a soon to open new Bar/Restaurant, aptly named 'Bogart's' at Benijofar. Ron can be contacted on 96 670 0027 and 653 40 18 56.
